

Gender Pay Gap Report – March 2025

In accordance with guidance provided by ACAS the Trust has calculated the following gender pay gap measures in respect of the March 2025 payroll.

The mean gender pay gap for the Trust has been calculated as **26.5%** (2024 29.6%)

The mean gender pay gap is the difference between the mean hourly rate that male employees receive (£25.46) compared to the mean hourly rate that female employees receive (£18.72).

The median gender pay gap for the Trust has been calculated as **36.7%** (2024 43.8%)

The median gender pay gap is the difference between the middle of the distribution in the hourly earnings of men and women (the middle being when half men/women earn more and half less than the median). The median hourly rate that male employees receive @ £23.85 compared to the median hourly rate of pay that female employees receive @ £15.10

The Trust has calculated the proportion of males and females in four quartile pay bands by dividing the workforce into four equal parts, as follows:

In the lower and lower middle quartiles there is a significantly higher proportion of women than men, with a higher proportion of women employed in non-teaching support roles which dominate the lower pay ranges, such as midday supervisor, cleaning, Nursery and teaching assistant roles.

In the upper and upper middle quartiles there is a high proportion of female staff, showing that female staff are well represented in senior teaching, leadership and management roles. As at 31st March 2025, female staff account for 67% of upper quartile staff, and 7 of the highest 10 paid staff within the Trust are female.

Gender Pay Gap Report – March 2025

The Trust did not pay any bonuses and so cannot report any gender pay gap in respect of any bonuses paid to employees.

Supporting Statement

Aurora Academies Trust is confident that the gender pay gap reported is not an equal pay issue, our pay policy ensures decisions are gender neutral and that decisions about staff pay are open, transparent and fair. We use pay scales based on the nationally agreed School Teachers Pay and Conditions Document and for support staff the National Joint Council or relevant Local Authority pay scales.

Aurora Academies Trust recognises the positive reduction in the gender pay gap compared to the previous year. HR policies are reviewed regularly to ensure that all staff are rewarded fairly, an action plan will be developed to embed further improvements to further reduce the gender pay gap.
